### **World Events Chronicle 2025**

This brief report highlights the most significant global events of 2025 — political, economic, social, and technological — presented in a simple, newspaper-style format.

## **Page 2 — Politics and Conflicts**

- **Peace Summit in Sharm El-Sheikh 2025:** A major international summit hosted in Egypt to discuss the Gaza peace plan, attended by global leaders.
- **Arab-Islamic Emergency Summit in Doha:** Held on September 15 in response to regional tensions, with strong calls for coordinated diplomatic actions.
- **Arab League Summit in Baghdad 2025:** Focused on Arab unity, the Palestinian issue, and regional security cooperation.

## **Page 3 — Social and Popular Movements**

- **Global March to Gaza:** Peaceful demonstrations across several capitals calling for humanitarian aid and access to Gaza.
- **Generation Z Protests in Morocco:** Large youth-led demonstrations demanding education reform, better healthcare, and stronger anti-corruption policies.

## **Page 4 — Economy, Technology, and Culture**

- **Arabic Large Language Models (ALLMs):** 2025 saw major progress in AI models supporting Arabic, enhancing digital communication and education.
- **PalmX 2025 Challenge:** A joint initiative evaluating AI systems' cultural and linguistic competence in Arabic and Islamic contexts.
- **Arab Athletics Championships 2025:** Held in Oran, Algeria, uniting athletes from across the Arab world in friendly competition.

## **Page 5 — Reflections and Outlook**

As 2025 unfolds, the world continues to face political and technological transformations shaping the global future.

Humanity stands at a crossroad of innovation, awareness, and resilience — striving for a more peaceful, connected, and sustainable world.
